Sorbolene with 10% Glycerine Lotion 500ml is a highly effective moisturising lotion made from palm-based glycerin, purified water, and skin-protecting oils. Gentle daily moisturiser, soap-free cleanser, and makeup remover in one.

Details

What is Sorbolene & 10% Glycerine Lotion 500ml?

Sorbolene with 10% Glycerine Lotion 500ml is a multi-purpose, fragrance-free moisturising lotion that has been a staple in Australian households and pharmacies for decades. The non-ionic formula combines purified water, palm-based glycerin, and gentle skin-protecting oils to hydrate dry skin, soothe irritated skin, and double as a soap-free cleanser or makeup remover.

Key benefits

- **Daily moisturiser** — replenishes dry skin without greasy residue.
- **Eczema-friendly** — fragrance-free and non-ionic, suitable for sensitive and eczema-prone skin.
- **Soap-free cleanser** — use as a gentle face and body wash for sensitive skin.
- **Makeup remover** — effectively dissolves makeup without harsh detergents.
- **Family-sized 500ml** — lasts a household several weeks of daily use.

Active ingredients

- Purified water
- Glycerin 10% (palm-based)
- Non-ionic emulsifiers
- Skin-protecting oils

How to use

As a moisturiser: apply liberally to clean, dry skin morning and evening, or as often as needed for very dry skin.

As a cleanser: apply to wet skin, work into a light lather, and rinse off. Suitable for the face and body.

As a makeup remover: apply with a cotton pad to dissolve makeup, then rinse or wipe clean.

Suitable for

- Sensitive skin and eczema-prone skin.
- Daily use on adults and children over 6 months.
- Replacement for harsh soap-based cleansers.
- People needing a fragrance-free, non-irritating moisturiser.

Warnings and precautions

- For external use only.
- Avoid contact with eyes — rinse with water if accidental contact occurs.
- Discontinue use if skin irritation develops.
- Store below 30°C, away from direct sunlight.

Frequently asked questions

What is sorbolene cream used for?

Sorbolene cream is a multi-purpose moisturiser used for daily hydration of dry skin, soothing eczema-prone and sensitive skin, as a gentle soap-free cleanser, and as a makeup remover. Its fragrance-free, non-ionic formula makes it especially suitable for people who react to harsh detergents and fragranced products.

Can sorbolene be used as a face wash?

Yes - sorbolene with glycerine is widely used as a gentle soap-free face wash. Apply to wet skin, work into a light lather, and rinse off. It removes dirt and excess oil without stripping the skin's natural moisture barrier.

Is sorbolene cream good for eczema?

Sorbolene with 10% glycerine is commonly recommended by Australian pharmacists for daily moisturising of eczema-prone skin between flare-ups. For active flare-ups, follow your doctor's prescribed treatment alongside daily sorbolene moisturising.

Can children use sorbolene cream?

Sorbolene with glycerine is suitable for daily use on children over 6 months. For infants under 6 months, consult a pharmacist or GP before regular use.
