Details

Standard Skeleton on Stand (Model A10).

The standard model of a human skeleton, has been appreciated throughout the world for decades.

This German quality model is hand assembled for durability and is one of the most widely sold skeletons across the globe. The arms and legs are removable for individual study and the skull can be dissected into three parts.

It is made of durable, washable, unbreakable plastic. Life-size human skeleton model for anatomical study. Its very high quality and robust construction.

The other advantages of the skeleton are:

- Exceptional value for money
- 3 year guarantee
- Top quality natural casting
- Final assembly carried out by hand
- Close to the realistic weight of around 200 bones
