Details

Bodichek Thermometer Infra-red EarSafe is accurate and easy to use.

Features:

- Fast readings in 0.1 seconds
- Infrared technology for accurate readings
- Easy one touch operation
- Memory recalls last 10 temperature readings
- Automatic shut-off
- Convenient carry case

The Infrared Ear Thermometer utilises the latest technologies to measure infrared energy emitted from the eardrum. The ear is a highly accurate site for measuring the core body's temperature because the eardrum shares blood vessels with the hypothalamus which is the area of the brain that regulates body temperature.
