The AERODIAGNOSTIC range offers a selection of commonly used diagnostic supplies in the healthcare industry.

Infrared Thermometers

AERODiagnostic Clinical Forehead Infrared Thermometers ensure accurate and stable body temperature readings, without the need for physical contact from a distance of around 5cm.

Simply point the thermometer towards the forehead to read the temperature shown on the LCD screen.

The AERODiagnostic Non-Contact Forehead IR Thermometer is specially designed to take the body temperature of a person regardless of room temperature.
