CARDIACT Alarmed AED Cabinet

Details

The CardiAct CC-90 Cabinet provides a compact and secure cabinet for storage of most AEDs. Designed for confined spaces, with its compact size the cabinet also provides clear visibility of the AED with a transparent polycarbonate door that includes ANZCOR approved signage for easy identification in emergencies. Defending against the weather, the CC-90 provides weatherproof protection against dust, rain, cold, rust and humidity. The CC-90 is suitable for use with the CardiAct Cabinet Stand for versatile mounting options.

Compact

Large enough to store most AEDs but small enough to fit in confined spaces

Deterrent Alarm

alerting rescuers and deterring would-be thieves

Access

Clear door allows full visibility of the AED

Weatherproof

Providing effective protection against dust, rain, cold, rust, humidity & condensation

Visible

ANZCOR approved AED signage on front of cabinet

High Quality

Impact-resistant transparent polycarbonate cover
