 The HeartSine Samaritan 350P **Defibrillator** has all the features of the [500P Defibrillator](#) except for the CPR advisor technology. This public access **defibrillator** has a 8-year warranty and a unique combined battery and pad-pack with a 4-year life from date of manufacture. After an event the complete pad-pak is replaced, which means you have a brand new battery for the next event. This is more cost-effective than many other devices with expensive so-called long-life batteries when costed over the life of the device. For use in hotels, [schools](#), [restaurants](#), companies, clubs, shopping centres, sports clubs, aviation and shipping, doctor's offices, hospital. The PAD 350P **Defibrillator** device can be used for SCA victims from the age of 8 and above utilising the Adult Pad Pak. For smaller children, the **PAD 350P** has a Special Paediatric Pad Pak available. [HeartSine](#) offers the only device to incorporate the Electrodes and Battery into one cassette for ease of use and the reduction of downtime following deployment.

- 8-year warranty - The longest in the industry
- Free replacement Pad-pak after genuine use (conditions apply)
- IP56 Dust and Moisture ingress protection - the highest in the industry
- Metronome for correct speed CPR
- Software updates via USB
- Made in Ireland by the inventors of the first portable **defibrillator**
