The genuine replacement rescue accessory kit that sits in the CPR-D padz pocket.

Details

The genuine ZOLL CPR-D rescue accessory kit replaces the small rescue items stored in the CPR-D padz pocket - typically a razor, gloves, a breathing barrier and a wipe. Keeping the kit stocked means the responder has what they need beside the pads.

Best for: AED Plus and AED Pro owners restocking after use or expiry.

Includes one CPR-D rescue accessory kit. Compatible with ZOLL CPR-D padz.
