Details

- Betadine Antiseptic Spray is used for the treatment of minor skin infections, cuts, abrasions and minor burns. It rapidly kills bacteria, fungi and viruses commonly responsible for wound and skin infection and is also non-irritating and will not permanently stain skin and natural fabrics.

Ingredients:

- Povidone-iodine 50mg/ml

Important

You must not rely on the information on this site as an alternative to medical advice from your medical physician or other qualified healthcare provider. Consult your healthcare provider immediately if you think that you may have a medical emergency or for the diagnosis and treatment of injuries. Always seek the advice of your physician or other qualified healthcare provider before starting any new treatment or with any questions that you may have regarding a medical condition or injury.
