Details

Skin-Prep Protective wipes form a barrier between the patient's skin and adhesives to help preserve skin integrity and prevent insult or injury during removal of tapes and films.

Features & Benefits:

- Enhanced adhesion increases the interval between dressing changes to save nursing time
- Skin-Prep allows skin to "breathe" so tapes and films adhere better and longer Skin-Prep helps prevent contact dermatitis and makes adhesive removal less painful for patients
- Less frequent application and removal of adhesive dressings reduces the risk of damage to delicate skin
- Single-use, individually packaged Skin-Prep wipes are more than adequate to provide even more barrier formula where skin needs protection most

Quantity: 50
