Contents:

- 1 x [Home First Aid KIT](#)
- 2 x [Vehicle First Aid KITs](#)
- 1 x [First Aid Emergency Handbook](#)
- 2 x [SMART Snake Bandages](#)

Containing one large [first aid KIT for Home](#) and two [Vehicle First Aid KITs](#) to help protect you on the road, the Home and Car First Aid Bundle helps protect you and your family wherever you may be.

The award-winning [Emergency First Aid Handbook](#) offers advice, guidance and support on how to effectively respond to emergency situations.

Now with the addition of two innovative [SMART Snake Bandages](#), this First Aid Bundle will help protect you and your loved ones in any emergency situation.

Leading first aid design and layout

Designed in Australia by leading first aid experts, the colour-coded labelling system for all SURVIVAL [First Aid KITs](#) enables you to clearly identify first aid contents and explains the typical use for each item. This makes it quicker and easier to

respond to any emergency situation.

The revolutionary [SMART Snake Bandage](#) uses a clever pictogram to demonstrate how to achieve correct tension when applying a pressure immobilisation bandage – a critical factor in snake bite first aid.

Easy refill and restock

The numbered labelling system in the KITS tells you how many of each item you should have – alerting you to replacement requirements and making it clear when you need to refill and [restock](#).

Quality first aid product

Coated in 600D Oxford polyester, the [First Aid KITS](#) are durable and water resistant. Made with strong zippers and with double stitched handles, the outer KITS can be wiped down with disinfectant liquid.

The new and improved design for the SURVIVAL Home and Vehicle First Aid KITS feature the sophisticated MOLLE system for tailored attachment, new shoulder straps and redesigned zips that are sturdier than ever before, with an extra layer of material on the outside that protects both zips and the KIT's contents from the elements.

Constructed from a blend of woven cotton fabric with non-fraying edges, the [SMART Snake Bandage](#) is extremely durable and can be washed after use. It measures in at 2m by 10cm and weighs approximately 50grams.

Personalise first aid to suit you

Utilise the personal space section in your [Home First Aid KIT](#) and [Vehicle First Aid KITS](#) to include specific items or additional first aid contents suitable for your individual situations.

The new-look KITS are also now bigger than ever, with an increased depth and an extra full mesh panel, as well as two new, deep pockets for increased storage of personal first aid items.

Be prepared for any emergency

At home or on-the-go, the Home and Car First Aid Bundle helps protect you and your family in any emergency.
