MODULATOR 4 Series Metal Cabinet First Aid Kit 24 x 42 x 15cm

Details

The injury specific module kit now available in a tough metal cabinet! Meeting and exceeding standard workplace regulation contents in every state and territory.

The metal cabinet contains a unique layout utilising 6 colour coded modules.

Highly visual and clearly labelled softpack modules ensure fast and effective first aid application with the appropriate injury treatments.

The metal cabinet is compact and sits flushed against the wall when opened. It includes a durable metal latch that can be safety-sealed for ease of kit servicing. Brilliant for workplaces, warehouses and home workshops.

Contents meet Australian Standard AS2675-1983

This kit has 6 injury specific modules to treat all common workplace injuries, is colour coded for fast identification and the

cabinet has a placement location sticker including re-ordering codes for each module.

Ensures hasslefree servicing and easy re-stocking with individual replacement modules.
