Details

- Heavy Duty
- Waterproof

- Rub proof
- Low odour
- Dry feel

Bushman Dry Gel contains slow release 'Ultra Dry' technology which means that when applied to the skin it quickly dries so that you are not aware of the repellent.

Bushman gels are highly concentrated so just a thin layer is required to all exposed skin.

Important

You must not rely on the information on this site as an alternative to medical advice from your medical physician or other qualified healthcare provider. Consult your healthcare provider immediately if you think that you may have a medical emergency or for the diagnosis and treatment of injuries. Always seek the advice of your physician or other qualified healthcare provider before starting any new treatment or with any questions that you may have regarding a medical condition or injury.
