Details

Curash Medicated Family Powder is a soft, fine powder formulated with zinc oxide to soothe, treat and help prevent rashes, skin irritation and chafing.

- Used to treat and prevent prickly heat, chafed skin, heat rash, excess perspiration and sweaty feet
- Absorbs excess perspiration and soothes irritation
- Prevention -The powder absorbs excess perspiration and the zinc oxide provides a protective barrier to moisture, helping prevent rashes

Important

You must not rely on the information on this site as an alternative to medical advice from your medical physician or other qualified healthcare provider. Consult your healthcare provider immediately if you think that you may have a medical emergency or for the diagnosis and treatment of injuries. Always seek the advice of your physician or other qualified healthcare provider before starting any new treatment or with any questions that you may have regarding a medical condition or injury.
