A combined formula including moisturisers and ceramides – together, helping to improve the skin barrier function and relieve the symptoms of mild to moderate eczema.

Details

QV Dermcare Eczema Daily Wash is a clinically tested cleanser.¹ Scientifically formulated with a combination of ingredients including moisturisers and ceramides – together, they help to improve the skin barrier function and relieve the symptoms of mild to moderate eczema.

The pH-balanced, soap-free formula hydrates as it cleanses, creating a protective barrier to help retain moisture.

QV Dermcare Eczema Daily has been clinically tested on people with moderate eczema that are 18 years & above.

Always read the label and follow the directions for use.

Benefits:

- Improves the skin barrier function in 28 days¹.
- Significantly improves skin skin hydration¹.
- Significantly reduces moisture loss¹.
- Helps reduce itch in mild to moderate eczema.

- Leaves skin smooth and soft.
- Free from fragrance, preservatives and colours.
- Australian made and owned.
- Dermatologically tested.
- From the makers of the No.1 selling skincare brand in Australia*.

Directions:

For optimum results use daily. Massage into wet body, face or hands, rinse and pat dry.

Cautions:

Do not use on wounds. For external use only. Avoid Eyes. If wash enters eyes, flush immediately with clean water. If irritation occurs, wash the affected area and discontinue use.
