Relief for itching and inflamed scalp.

## Details

The mild formula relieves itchiness and reduces inflammation, while gentle surfactants help to prevent the hair and scalp becoming excessively dry.

## Benefits:

- For relief of the symptoms of psoriasis, seborrhoeic dermatitis and eczema of the scalp.
- Relieves itching scalp and reduces inflammation.
- Soap-free and gentle enough to use every day.
- Reduces scaling and flaking.

## Directions:

Use twice weekly up to once daily if required. Wet hair. Apply to affected area, massage well. Apply more to remainder of scalp and hair. Work into la lather. Leave for 5 minutes, rinse thoroughly.

## **Cautions:**

For external use only. Do not use on children under 2 years of age unless supervised by a doctor. Not recommended for use if you are pregnant or breast-feeding. Avoid eyes. If Sebitar enters eyes, rinse with clean water. If irritation occurs, discontinue use. Keep out of reach of children. Your healthcare professional will advise you whether Sebitar is suitable for your condition.

## **Ingredients:**

Tar (Pine) 1%, Coal Tar Solution 1%, Salicylic Acid
