The FAA-certified battery pack for the ZOLL AED 3 Aviation model, built for the cabin environment.

Details

The genuine aviation battery pack for the ZOLL AED 3 Aviation defibrillator. It meets FAA TSO certification and is tested for the vibration, altitude, temperature and EMI conditions of aircraft operation. It is the correct power source for the AED 3 Aviation unit.

Best for: airlines, charter and aero-medical operators maintaining cabin AEDs.

Includes one FAA-certified AED 3 Aviation battery pack. Compatible with the ZOLL AED 3 Aviation model.
