Details

Gastro-Stop together with adequate intake of fluids, provides relief from the symptoms of diarrhoea, including loose motions, cramps and associated pain.

Warnings:

Do not use longer than 48 hours

Do not give to children under 12 years of age

Do not use in pregnancy or lactation (except on doctor's advice)

If diarrhoea persists seek doctor's advice.

If you have a fever or notice blood in you stools, consult a doctor before taking Gastro-Stop.

Important

You must not rely on the information on this site as an alternative to medical advice from your medical physician or other qualified healthcare provider. Consult your healthcare provider immediately if you think that you may have a medical emergency or for the diagnosis and treatment of injuries. Always seek the advice of your physician or other qualified healthcare provider before starting any new treatment or with any questions that you may have regarding a medical condition or injury.
