Details

This Disposable Isolation Gown is a non-woven, single-use protective gown with sleeves, in a bright yellow colour and S+M (small/medium) size. It offers straightforward, everyday protection for clinical, aged-care and infection-control settings.

Features

- Non-woven fabric construction
- Full sleeves for arm coverage
- Yellow colour for easy visual identification
- S+M (small/medium) size
- Single-use, disposable design

Specifications

- Colour: Yellow
- Size: S+M (small/medium)
- Sleeves: Full sleeve
- Sterility: Non-sterile, single-use

Common uses

General infection control and clinical protection in hospitals, aged care and community nursing. Need a different colour or non-sterile fluid-resistant option? See our [Blue Fluid-Resistant Isolation Gown](#).

Disposable Isolation Gown FAQs

What size is this gown?

S+M (small/medium), with full sleeves for arm coverage.

Why is it yellow?

The yellow colour makes it easy to visually identify for infection-control or isolation-precaution purposes.

Is it reusable?

No - it's a single-use, disposable gown.

Do you have other gown options?

Yes - see our [Blue Fluid-Resistant Isolation Gown](#) for a different colour and fluid-resistant option.

Important

You must not rely on the information on this site as an alternative to medical advice from your medical physician or other qualified healthcare provider. Consult your healthcare provider immediately if you think that you may have a medical emergency or for the diagnosis and treatment of injuries. Always seek the advice of your physician or other qualified healthcare provider before starting any new treatment or with any questions that you may have regarding a medical condition or injury.
