Burning coils is another ideal way to combat annoying bugs as smoke repels these uninvited guests and almost a pre-requisite in backyards and camp sites during summer.

Details

Burning coils is another ideal way to combat annoying bugs as smoke repels these uninvited guests and almost a pre-requisite in backyards and camp sites during summer.

Benefits:

- Available in 10 Pack with Tray & Stand.
- Available in 20 coil value packs with bronze metal diffuser for burning.
- For use in outdoor areas to combat annoying mosquitoes.
- Unique bronze coloured containers for home décor appeal contains falling ash, whilst the easy to set-up stand securely and safely holds your coil for burning.
- Ideal for backyards, patios, decks and camp sites.
- Packaged to offer convenience with containers to capture falling ash.
- Refer to www.rid.com.au for MSDS Information.

Directions:

READ THE LABEL BEFORE USE. Please peel off the label before use. Lift off the Burner cover and remove the Coils. Pull up the metal stand. Starting from the centre, gently separate the Coils and place on stand. Light the outer end of the Coil so that it smolders. It should not burn with a flame. Replace the Burner Cover. Hang or place the Burner within the area you wish to be mosquito free.

Cautions:

For external use only. If swallowed, seek medical. Keep away from children, pets and food stuffs. Harmful if swallowed, seek medical advice. Keep in a cool dry place away from source of ignition. Do not place coil near flammable materials. Use with care to avoid fire hazards.

FIRST AID: If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 13 11 26, New Zealand 0800 764 766.

Storage and Disposal:

KEEP OUT OF REACH FROM CHILDREN. Store in the closed, original container in a cool dry place out of reach of children. Do not store in direct sunlight. Dispose of empty container by wrapping in paper, placing in plastic bag and putting in garbage.
