Details

Easy to use Hydra Trend urine test strips provide feedback about an individual's hydration status. The Hydra Trend urine test strip kit:

- Provides feedback on hydration status that can be used to adjust fluid intake
- Is convenient and easy to use
- Gives results in 30 to 60 seconds
- Uses a small urine sample

Includes:

- 50 urine test strips
- Sample collection cup
- Complete instructions
- Colour chart for reading results
- Quality controls
- Card for recording test results over time

Why monitoring hydration is important:

- Many leaders in the field of sports and fitness say individuals can improve athletic performance by achieving and maintaining proper hydration

- Dehydration can be highly dangerous, whether it results from exertion, environmental factors or health status.
